AMDT School of Creativity Colombo, Sri Lanka
- ICT** DEC 2020 - JAN 2022
National Institute of Business Management
Galle, Sri Lanka

OBJECTIVE

To continue and future specialize in a Company, using my proven abilities and seek a challenging career in the field of Photography and Content Creation and to seek a position where I can use my technical & relevant skills for the growth of an organization.

Dear Sir,

I wish to apply for the position in your esteemed establishment.

I have over 5 years of experience in Photography, Content Creation and Graphic Designing.

I have worked for prestigious photography companies in Sri Lanka, such as Dark Room Photography, Studio OffSpring, QUENCEY Weddings. Working as the main photographer and the editor was challenging at first, and I have gained the knowledge of this industry from my working years.

MY JOURNEY

After my high school period, I had a great opportunity to join the OffSpring Photography Company in 2019. I was instrumental in developing the art of photography into a state of Modern Fine Art Photography. With my proven abilities and thankful for my artistic eye, They decided to promote me as a Senior Photographer in the company. Whilst, I practically experienced all the rules, techniques, methods such as Symmetry, Composition, Rule of Third.

Then I started learn Retouching, in the end of 2019. Fluency in graphic tablets made me special and always stand out from the other retouchers. I have used the Huion RTM-700 tablet and the Wacom Intuos Pro tablet. I never quit learning photo retouching and now I've become a professional in the field. There will be samples of photo editings, character designs, digital paintings, graphic designing work done by me using the graphic tablet.

After working 4 years in the Photography and content creation field I decided to move into the main city of Sri Lanka, Colombo. I applied to the Dark Room photography Company, Colombo and after all, I started working as the Main Retoucher in the company from December 2021. Up to now, I have done lots of professional and international work with this company.

visit the page : <https://web.facebook.com/DarkRoom.lk>

From all of these I have got the experience doing portrait photography, landscape photography, product photography, model photography, wedding photography, food photography, event photography, low light photography, available light photography and many more.

Event Planner

From 2021

Dark Room Photography, Sri Lanka

As a photographer and the retoucher at Dark Room Photography Company for the past five years, I have gained extensive experience in capturing and editing high-quality images for a variety of clients. During my time at the company, I have:

- Collaborated with clients to understand their creative vision and deliver images that meet their specific needs.
- Developed and implemented creative concepts for photoshoots, both on-location and in the studio.
- Utilized a range of photographic and post-production techniques to create stunning and impactful images.
- Maintained a high level of attention to detail and quality control throughout the entire workflow, from image capture to final delivery.
- Built and maintained relationships with clients to ensure repeat business and ongoing collaboration.

And I was instrumental in developing the quality output of the work and it helped the company to compete with the other flagship photography companies in Sri Lanka. I was responsible of,

- All corporate Facebook image retouching for the Dark Room Photography.
- Day-to-day enlargements, Thanks cards and other creative digital artworks.
- Choosing and Retouching Magazine cover photos for the company.
- Album retouching and designing for the printing purpose.
- Creative designs for all newspaper, and magazine ads

Throughout my time at this Company, I have developed a strong portfolio of work and a reputation for delivering high-quality results on time and within budget. My technical skills, creativity, and ability to work collaboratively make me an ideal candidate for any photography & retouching role.

Photography and Retouching Work - Weddings

My approach to photography and retouching involves a balance of technical expertise and creative vision, with a keen eye for composition, lighting, color theory, and exposure. I strive to maintain the natural beauty of the image while enhancing it to create stunning visual content. Working collaboratively with clients to understand their vision and brand, I deliver high-quality photographs that align with their style and needs.

My portfolio showcases my ability to create engaging and captivating images through the skillful use of photography and retouching techniques.
